

# RISK ASSESSMENT

			Impact			
			0 Acceptable	1 Tolerable	2 Unacceptable	3 Intolerable
			Little or No Effect	Effects are Felt but Not Critical	Serious Impact to Course of Action and Outcome	Could Result in Disasters
Likelihood	Improbable	Risk Unlikely to Occur				
	Possible	Risk Will Likely Occur				
	Probable	Risk Will Occur				

*The aim of this course is to ensure full compliance with the international regulations (ICAO, EASA, etc) as well with the National Authorities.*

*Target group: all personnel with safety and security duties and line managers / duty managers. It is strongly recommended for trainers and top management.*

*At the end of this course the participants will be able to understand risks and hazards, how to use the RA matrix and classification, preventative actions implementation and follow up.*
