We are pleased to provide here guidance regarding transport, accommodation and leisure time.

Please do not hesitate to ask us any questions about your forthcoming visit.

We are here to help.

Just email [office@aeroas.ro](mailto:office@aeroas.ro)

## Introducing our City

Lying in the middle of Romanian plain, in the southeast of the country on the Dambovită River, Bucharest is the largest city in Romania and actually the **6th largest city** in the EU by population.

Visiting Bucharest you will understand why it was called “*Little Paris*” during the interwar period.

You will find a city of great contrasts which brings together green parks and lakes with old and new architecture from the newly designed buildings and those of neo-classical influence which you can see in the center of the city to the old communist architecture.

Currency information – **The approximate exchange rate for EUR is**

**1€ = 4.9 RON**

The exchange rate is not so good at the airport and we recommend you to take enough cash money from the ATM to cover your immediate travel needs.

The following links will to get the most from your visit to European Aviation Institute in Bucharest.
